

Blackberry Control Field Day

Blackberrys are a declared noxious weed and has a significant impact on agricultural production. Our group have been pursuing control of this weed for a number of years. We invite all landholders to attend the Field day and to learn more about the options for control and available support.

WHEN

Sunday, November 19
beginning at 10:30 and
includes a free BBQ lunch

WHERE

Terry and Jan Rings
886 Upper Ryans Creek Road
Upper Ryans Creek, 3673

Topics covered will include:

Biosecurity, Spraying techniques, Herbicides, Seasonal control and Legislative requirements.

Speakers will include:

Registered spraying contractors, Geoff Brennan, representing the CMA and Cam Paterson from the Victorian Blackberry Taskforce and the Gecko CLaN.
