

New Dung Beetle Species with Greg Dalton

South West Goulburn Landcare & Gecko CLaN host Greg Dalton; Creation Care Pty Ltd. Greg has been involved in Dung Beetle research for the past 20 years; mass rearing to supply dung beetle nurseries and colonies to farmers.

- Benefits of Dung Beetles
- Why introduce new species and who are they
 - Have a nursery set up on your property
 - How have the nurseries fared?
 - Where to from here?
 - Plus answering questions on the day

Workshop – Saturday March 18th, 2023

To get you to the workshop in Tallarook, Gecko CLaN has arranged a bus (free of charge)

Departing Benalla: 8am
Departing Euroa: 8.45am

The bus will leave Tallarook at 12.30pm at the end of the session, and arrive back at Euroa at approx. 1.15pm and Benalla at approx. 2pm.

Please RSVP to Claire Birch by 15th March 2023
Email: landcare1@iinet.net.au or phone: 0448 908 690

Full details of bus pick up locations and event location will be provided upon RSVP.

Please dress for outside field day looking at nursery set up and looking for dung beetles.

If you are unwell, awaiting results of COVID19 test, please do not attend this event.
